

THE FELT STUDIO

Creative Jewellery Workshop: 5 days with Mary Hettmansperger
March 24-28 2018

Join us for a fabulous week learning with the wonderful Mary Hettmansperger from the USA. Mary has written a number of well-known books on jewellery making and we are thrilled to have her teach from The Felt Studio. We will have a special emphasis on possibilities for using handmade felt and textiles in creative jewellery making. Create alternative surfaces, connections and personal expressions. Explore portholes, doors, books and lockets. Learn the art of looping over glass, beads, stones. An experience not to be missed. Mary's work is innovative, tactile with wonderful attention to detail.
